Calling all High School Students!

Join us **online Tuesday, May 17 at 6 PM**, for a Speak Truth session focused on community service. It's a requirement for most high school students in our area and we're going to discuss how that requirement affects YOU.

- How have you fulfilled this requirement during a pandemic?
- What have you found meaningful about your community service experiences? Where have you met challenges?
- Should service to others really be a requirement? Would students seek out these opportunities if it wasn't?

High School students from the Real World History class of 2021-22 will be our facilitators.

Join us for what promises to be a thought-provoking conversation!

All participants are eligible for 1.5 hours of community service.
